ORDERS MODIFIED MAKING CLOSING MORE GENERAL

With Three Exceptions Every Business House Will Close at 5 p. m. Except Saturday

TAKES IN AMUSEMENT PLACES

Four Hundred Cases of Distress Relieved Since Sunday, Fuel Administrator Reports

ANOTHER CAR OF COAL SEIZED

Elks Voluntarily Restrict Open Hours From 10 a. m. to 6 p. m.—Conditions Improve

Modified closing and opening orders were issued today by the county fuel administrator, S. L. Trabue, closing every business in the city except theaters and barber shops at five o'clock with the exception of Saturday evening. According to the new orders, no mercantile house shall open before eight in the morning except hotels, restaurants, grocery stores and meat markets. The last two named will open at seven a. m. and barber shops will remain open until eight.

The most drastic change in the regulations issued yesterday is in the closing hour. Yesterday's orders made no restrictions on night closing except that all place should close at ten o'clock. It was presumed stores would follow the rules they have observed lately. However, today's order hits every business, with the few exceptions noted, including confectioneries, cigar stores, pool rooms and bowling alleys.

The order becomes effective tomorrow, yesterday's order was supposed to.

The county fuel administrator confiscated another car load of coal billed to Fort Wayne last night and it was all sold today in lots of 1,000 pounds.

One hundred and seventy-six cases of distress were relieved yesterday by Will Trennepohl with the car of coal billed to Connersville which was seized and a car which he received.

Forty-four cases were relieved with coal released by the Catholic church. A car load was received by the church yesterday.

Twenty tons were taken from the confiscated car which was allowed the county heating plant and used to relieve cases of suffering.

With 100 cases relieved today from the car of coal seized last night and eighty cases taken care of by the supply taken from the city, four hundred cases have been taken care of since Sunday when the fuel famine became the most acute.

The fuel administrator announced today the Elks lodge had voluntarily restricted its open hours from 10 a. m. to 6 p. m. This means that the club feature of the lodge can not be enjoyed at night and that the place will be open only two nights a month for regular meetings. The Knights of Pythias, the only other lodge with a club feature, are not trying to heat their building so that it can be used for a club at any time day or night. The fuel administrator has no news from any of the other lodges.

The third car confiscated, the one taken yesterday evening, was seized by the fuel administrator only after the Big Four railroad promised to turn it over at actual weight. About a third of the car had been stolen. Mr. Trabue would have confiscated this car Monday, but it was short and the railroads said it would have to go at full weight if at all.

But the L. E. & W. refused to accept the car from the Big Four for shipment to Fort Wayne because it was so short and for the additional reason that they did not know when

Modified Orders of the County Fuel Administrator

IT IS HEREBY ORDERED:—

1. That no coal shall be sold or delivered by any dealer or other person to any place of amusement or entertainment.

2. That no bank or trust company shall be opened before nine o'clock A. M.

3. That no mercantile house, except hotels, restaurants, grocery stores and meat markets shall be opened before eight o'clock A. M., nor shall such remain open after five o'clock P. M., except on Saturday night.

4. That no grocery store shall be opened before seven o'clock A. M. or remain open after five o'clock P. M., except on Saturday night.

5. That no barber shop shall be opened before eight o'clock A. M. or remain open after eight o'clock P. M. except on Saturday night.

6. That no mercantile house, except hotels shall remain open after ten o'clock P. M. on Saturday night.

7. That no picture show or restaurant shall remain open after ten o'clock, Saturdays included.

8. That no mercantile house shall be lighted after closing hours except that one burglar light will be permitted at night.

For the purposes hereof confectioneries, cigar stores, pool rooms and bowling alleys are considered mercantile houses.

Nothing herein shall be construed as prohibiting druggists and undertakers from opening in emergency cases.

This order applies to the entire County of Rush and shall be in full force and effect from January 17, 1918, during the present emergency, and until modified or rescinded.

Witness my hand this 16th day of January, 1918.

SAMUEL L. TRABUE,
Fuel Administrator, Rush County.

MAKE FIRST TRIP SINCE LAST FRIDAY

Rural Carriers Leave Today With Instructions to Deliver Mail Where Boxes Can be Reached

COUNTRY ROADS ARE CLEARED

For the first time since last Friday morning the rural route mail carriers ventured out on their routes this morning. They left the post office shortly after seven o'clock with their machines practically filled with the mail which had been standing in the post office for three or four days.

The rural route patrons are expected to have the space surrounding the mail box cleaned off so that carriers can drive up to the box and deliver the mail without running a chance of having their machine stall in the midst of a snow drift. Before leaving the postoffice this morning the carriers were instructed to leave mail in only those boxes where the snow had been cleared away.

The carriers expected to be able to cover their entire route without much trouble as farmers who visited the city yesterday stated that the roads had been broken up and that the road scrapers had traversed most of the roads in this vicinity.

they could move it. Then it was that the Big Four agreed to let the fuel administrator have it at actual weight. The coal was handled without charge by Arnold Orme and Leonard Clark.

The modified opening and closing order was issued because of requests of business men that they be allowed to open one hour earlier and close one hour earlier, and for the additional reason that much more stringent orders have been issued in Indianapolis.

Business men all wanted to cooperate and expressed the belief that they would save more in the long run by saving an hour's lighting at night rather than saving an hour's fuel in the morning. Places of

SITUATION MORE DESPERATE IN STATE

Hundreds of Industrial Establishments, Business Houses, Schools, Theaters Closed

WARMER WEATHER PROMISED

(By United Press.)

Indianapolis, Ind., Jan. 16—With hundreds of industrial establishments, business houses, schools and theaters closed today on account of lack of coal in Indiana the situation was becoming more desperate hourly.

Despite the fact that cars of coal were found standing in the Indianapolis yards, homes were cold and business in many lines suspended entirely.

The same condition was prevalent in every other large city.

Warmer weather is in prospect, according to government officials, which will relieve the situation somewhat.

amusement are to be closed at five o'clock except Saturday night since the fuel administrator noted today that this class of business is being dealt with even more severely in Indianapolis.

Restaurants are also included in the ten o'clock closing order which applies to theaters as well.

Some of the smaller groceries think the orders do not apply to them, but it does, according to the fuel administrator. They are expected to hew strictly to the orders, which apply to the whole county.

Conditions were improved today so far as traffic and mail service was concerned. In most places the country roads once more were becoming passable and a better service was being maintained on the railroads. More mail was received today than any day since last Friday. Interurban cars were being run, but not on any regular schedule between here and Indianapolis because only one track was clear. It was still

Continued on Page 2

Postoffice Issues New Closing Orders Because Of The Shortage of Fuel

In connection with the orders of the fuel administrator and to assist in the conservation of light and fuel and also due to the fact that the supply of coal for the Masonic building in which is situated the postoffice, is becoming short. Postmaster Geston P. Hunt has issued the following schedule which will be followed until the fuel shortage has been alleviated and longer hours of daylight will not necessitate the burning of so much electricity.

Lobby will open at 5:30 a. m. Windows will open at 7:00 a. m. Windows will close at 6:00 p. m. instead of 7:00. Lobby will close at 7:30 instead of 8:30. Windows will close at 7:00 p. m. on Saturday nights.

This means that the last outgoing mail will be made up one hour earlier than usual. As all of the business houses will be closed by six or before, Postmaster Hunt thinks that this saving can be made without inconvenience to anyone.

This schedule to take effect Thursday, Jan. 17, at the same time that mercantile houses will be affected by the orders of the fuel administrator.

LOCAL BOYS PICKED FOR TRAINING CAMP

Sergs. Will Brann and Guy Newman Will Try For Commissions at Leon Springs, Tex.

PHILLIP STAPP IS ALSO NAMED

Sergeant William B. Brann and Sergeant Guy Newman, formerly attached to the headquarters company and a battery of the 139th field artillery which is stationed at Camp Shelby, Hattiesburg, Miss., were among the men at the camp who were selected to go to the officers training school at Leon Springs, Texas, and try for commissions. Sergeant Brann ranked highest in the physical test in the entire thirty-eighth division.

Phillip Stapp of Greensburg, who was also a former sergeant with the Rushville company, was among the 382 men selected from the camp. The cadet officers left Camp Shelby, Sunday and their training at the Texas camp began today.

TWO FIRES IN HOMES DO SLIGHT DAMAGE

Flue at E. C. McMahan's House Catches But is Extinguished With Aid of Department

\$150 DAMAGE AT NORRIS HOME

As the result of a defective flue a fire occurred this morning at the home of E. M. McMahan in North Harrison street. The fire was discovered by Mr. McMahan before it had gained any headway and he succeeded in putting it out before any great amount of damage was done.

Damage amounting to \$150 was the result of a fire which occurred Monday at the home of Miss Leonore Norris in North Morgan street. The fire which was caused from a coal oil stove burnt a hole in the floor, ruined the rug and damaged two chairs. Most of the fire loss resulted from the smoke. The fire was discovered by Miss Norris who succeeded in extinguishing the flames without calling for assistance.

Alvin Clark is very ill at his home in West Belmont street with grippe and asthma.

An eleven pounds boy was born to the wife of Arthur Trennepohl of West First street last night.

TEN MEN PASSED READY FOR ARMY

This is Result of Examination Yesterday by Dr. W. S. Coleman And Advisory Board

HALF DOZEN FAIL TO APPEAR

Nelson Harper, Ordered Arrested For Failing to Return Questionnaire, Shows Up

Walks Seven Miles to Return His Questionnaire
Dora Gwinnup, who walked from his home near Andersonville yesterday to be examined for the army, hasn't much on Ora McMichael who walked from Henderson yesterday to return his questionnaire to the county army selection board. McDaniel said he had no way to get to Rushville and his time was up for returning the questionnaire, so he just decided to walk the seven miles. He also walked back home yesterday afternoon.

Ten men were accepted for the national army yesterday as the result of physical examinations conducted before the medical advisory board. Another score of men were being examined today and twenty are also called for next Monday.

Six of the number called to appear yesterday failed to show up. Some of them sent word that they could not reach Rushville on account of the condition of the roads and the interrupted train service. Some who had not been called were examined yesterday, by special arrangement with the board.

Twenty more registrants were ordered today to report next Wednesday for physical examination.

James G. Bennett, who registered at Fort Wayne, was examined by the local board's physician and passed, but his papers will be sent back to Fort Wayne. His examination was just transferred here.

Nelson Harper of Glenwood, who was one of the eight ordered arrested yesterday, for failing to return his questionnaire, appeared before the board today with it.

The local board classified forty-seven registrants yesterday, placing five in class one. This makes 379 put in class one and a total of 994 cases acted upon to date. Yesterday thirteen were placed in class two, one in three, twenty-four in four and four in five.

Called For Physical Examination Jan. 23

Henry Seegars, Jr., Mays.
Clarence W. Hood, Mays.
Sam McCullough, Carthage.
Chester P. Winslow, Arlington.
Benjamin H. Ruble, Milroy.
Oscar L. Hood, Mays.
Frank Messmore, Manilla.
Orba N. Warriek, Rushville.
Edward C. Bell, Rushville.
John R. Laughlin, Falmouth.
Charles E. Harbert, Milroy.
Jesse B. Garver, Lewisville.
Charles E. Newhouse, Arlington.
James D. Petro, Rushville.
Mike Kessler, Manilla.
Everett Myers, Rushville.
Ralph A. Cross, Falmouth.
Homer C. Coon, Glenwood.
Roy N. Small, Carthage.
Joe Stewart, Rushville.

Names of registrants classified by the local board yesterday and those subjected to physical examination will be found on page 5 today.

The prayer meeting of the St. Paul's M. E. church will be held on Thursday evening at the home of Mrs. Ferd Retherford in North Main street.

SNOW FLIES IN SOUTHERN CAMPS

Rush County Soldiers Seek Man Who Called That Section of South "Sunny"

MERCURY DROPS 57 DEGREES

Camp Covered With Snow and Ice Presents Familiar Picture to Indiana Boys

(Special to the Daily Republican.)

Camp Shelby, Hattiesburg, Miss., Jan. 16.—The Rush county soldiers who had visions of spending the winter in the land of "sunshine and flowers" find that they have made a grave mistake in the selection of their camp for the present temperature of twelve above is very similar to the usual temperature during the winter months at home.

If by any chance the man who called this section of the country the "Sunny South," happened to be in the vicinity of Camp Shelby, Friday evening or Saturday he would have been treated with violence at the hands of thousands of soldiers who declared they were duped into believing they were going into an ideal climate by the author of the term.

They have experienced some rather cold weather since coming here but the climax was reached Friday evening when the men were driven off the ground by a severe sleet and snow storm. According to some of the oldest residents of the vicinity, it was the worst blizzard in the history of the state. The snow storm was accompanied by a thirty-five mile gale.

Early Saturday morning the weather warmed up to some extent but in the afternoon began to get cold again and the snow commenced falling. The air was too cold to melt the snow and in a short time the tents, mess shafts and ground were covered with snow. There was between two and three inches of snow on the ground and the thermometer stood at 12 degrees above zero, having fallen fifty-seven degrees in about seven hours.

The camp presented a picturesque appearance with everything covered with snow and ice and although the boys from southern Kentucky and West Virginia shivered and shook it was "our" weather and despite any amount of growling on they part of Rush county soldiers they secretly were enjoying a taste of Indiana weather again.

Despite the severe weather which caught the boys unawares there was very little suffering reported and the sick reports at the infirmary were no larger than usual.

Luckily Battery A soldiers and those of the sanitary detachment had returned from the rifle range a few weeks ago before the colder weather set in. The wind is given a clear sweep at the range and if the men had been target practicing there is no doubt but that there would have been a considerable amount of suffering.

ACCEPTED FOR AVIATION

Robert Humes of Camp Taylor, Ky., Passes the Examination

Robert Humes who has been in training at Camp Taylor for several weeks has passed a successful examination for service in the aviation department of the service and expects to leave shortly for an aviation school to take special training in that department. Examinations for the aviation corps were conducted at the camp Monday and Humes passed with one hundred percent records in each of the three tests.

The prayer service of the First Baptist church will be held Thursday evening at the home of Mr. and Mrs. Ed Short, 211 West Second street at seven-thirty.

TREASON CHARGE AGAINST GERMAN

Defendant in First Treason Trial
Since United States Entered War
—Tampered With Torpedoes

FORMER GERMAN OFFICER

Received Citizenship Papers in 1916
—Son is Interned at Ellis
Island

(By United Press.)

New York, Jan. 16.—Paul Hennig, 43, German born American, the first man to plead to a charge of treason was placed on trial before Judge Harland B. Howe here today.

Hennig, an employee of the E. W. Bliss Torpedoe Company, of South Brooklyn, is charged with tampering with gyroscopic attachments on torpedoes so that the course of the torpedoes would be changed endangering the vessel from which it was fired.

Hennig was arrested on December 29, following an investigation by Lieut. O'Shea an Annapolis graduate, covering several months.

According to government officials Hennig came to the United States in 1908 and received his citizenship papers in 1916.

Before coming to the United States Hennig served as a petty officer in the Imperial German navy and was for some time stationed at the Kiel torpedo base.

His son Karl, age 23, who was born in Germany was interned at Ellis Island on September 23 as a dangerous enemy alien.

Hennig's second wife is an American. A son by this wife was born on the day Theodore Roosevelt returned from an African hunting trip and in honor of the event was named Theodore Roosevelt Hennig.

For the past five years Hennig has been employed in the gyro-scope department of the Bliss plant.

During this time he handled thousands of torpedoes now aboard United States war vessels. As a result of the revelations by government agents the Navy Department may order a re-examination of all torpedoes furnished the navy by the Bliss company during that time.

Specifically Hennig is accused of mutilating the gyro-scope which controls the course of the torpedo. The mutilation was so effectively done, the government agent, claim that the torpedoes were rendered unfit for offensive purposes.

Experts claim the mutilations might cause the torpedoes to alter their course to such an extent as to bring the vessel from which they were discharged into range.

Emery dust, imperfectly fitted bearings and wheels which were either cracked or scratched were found

Twenty-Five Years' Experience With Kidney Remedy.

Between twenty-five and thirty years ago I commenced selling Dr. Kilmer's Swamp-Root and during all that time I have never heard a single complaint from my customers; they are more inclined to praise it; and judging from their favorable remarks and the repeated sales I enjoy I am confident that Swamp-Root is a valuable medicine for the troubles for which it is intended.

Very truly yours,
OTTO H. G. LIPPETT,

Pharmacist.

in torpedoes that had been handled by Hennig, according to inspectors from the Navy Intelligence Bureau.

So ingenious was the traitorous work Hennig is alleged to have done that microscopic examination was necessary before it was detected.

Lieut. O'Shea, shortly after being detailed to the Bliss works as inspector detected slight imperfections in several torpedoes. Hennig was suspected. For two weeks government agents shadowed him both day and night.

In the meantime Lieut. O'Shea made microscopic examination of torpedo parts handled by Hennig.

Evidence secured in this manner was placed before the Grand Jury and the first indictment charging treason since the United States entered the war was returned against Hennig.

The penalty is death, \$10,000 fine or imprisonment for five years.

The District Attorney is prepared to ask the extreme penalty.

INSTITUTE POSTPONED

A number of township institutes and county seed corn meetings which had been arranged for this week by the county agent, Marion Deitrick have been postponed until a later date. Mr. Deitrick wished to make the affairs community events and with the present conditions of the roads, the attendance would be very small.

30 CENTS A MAN NEW PAY

(By United Press.)

Indianapolis, Jan. 16.—Thirty cents for each man classified for the draft will be paid each member of local conscription boards in the future instead of \$1 an hour as has been paid previously, according to a telegram received from General Crowder by the state conscription office today.

The Tractor You Can Afford to Buy

If you are supporting from four to six horses in idleness nine months of the year, giving up 20 to 30 acres of your land to raise horse feed instead of marketable crops, you know what this means.

Moline-Universal Tractor

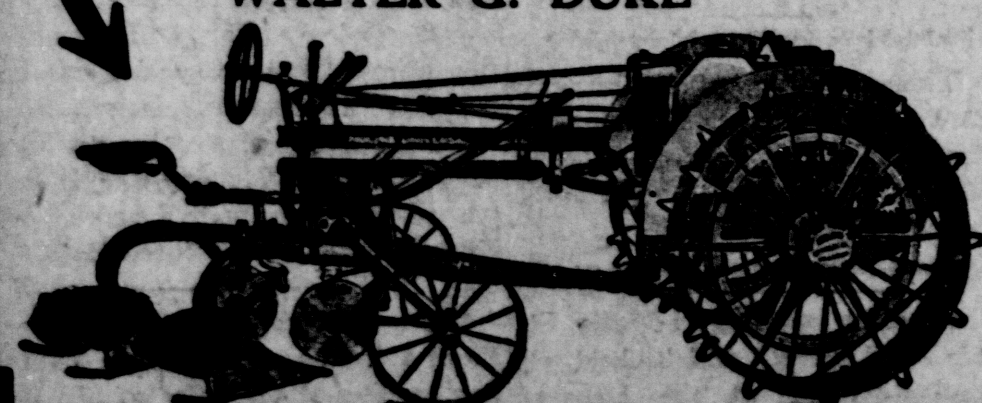

Does all the field work, including the cultivating and harvesting. Belt power up to 12 h. p. It plows deep, at the right time—in half the time. Has the pulling power of five horses, the working capacity of seven because of greater speed and endurance, and eats only when it works.

Strictly a one-man machine—drives easier than a team from the seat of the implement pulled.

A proven success. Backed by a \$19,000,000 concern with 51 years satisfactory service to the farmers of America.

Work In Grocery

Store Not Hard

Woman Tells How Tanlac Improved Health and Made Duties Easier.

Mrs. S. A. Hunter, 1719 Canal street, Evansville, Ind., employed for the last seven years by Pickhardt's grocery, has got back her health through use of Tanlac and says she is feeling better every day.

"Work in a grocery requires a lot of patience and I didn't use to have it," Mrs. Hunter said. "I was nervous and couldn't sleep at night. I'd toss and roll about the bed and in the mornings I'd have a sort of dull feeling. Sometimes I got so bad that I just felt like I couldn't wait on the trade.

"I didn't have any appetite, either, and the little food I did just soured on my stomach. I was losing weight right along.

"Finally I tried Tanlac. I helped me right away. My stomach is back in good shape now and I eat fine.

"I'm not nervous like I used to be and I sleep good every night and get up mornings feeling fit. Little trivial matters don't get on my nerves like they used to.

"My appetite has come back and the food I eat doesn't sour in my stomach like it used to. I'm gaining weight.

"I think a lot of Tanlac and I recommend it."

If you are not feeling right get Tanlac today at F. E. Wolcott's drug store or any other good drug store. (Advertisement.)

JACKIES AT GREAT LAKES EAT 4,000 PIES AT A MEAL

Great Lakes, Ill., Jan. 16.—Pity the poor sailor with a job like this. Jackies at the Great Lakes Naval Training station have to get away with 4,000 pies at a single meal. And student bakers here and at the Minneapolis school don't confine themselves to this brand of pastry, either, for cakes and puddings are turned out literally by the ton. It is rumored that the recent mutiny in the German navy was the result of some Fritz sailor getting a slant at a U. S. navy menu.

ORDERS MODIFIED MAKING CLOSING MORE GENERAL

Continued From Page 1
impossible at noon to operate cars between here and Connersville. Work train crews were engaged all day hauling snow off the tracks. Rural mail carriers made their first deliveries today since last Friday and school hacks were run with more regularity than they have been. Some relief is seen from the fact that warmer weather is promised for tonight. The mercury got down to zero last night and this afternoon gave some indications of rising in the tube. Two factories were shut down today because of a lack of fuel—the Park and Innis-Pearce companies. The Rushville Furniture company

received a car load of coal yesterday and thus escaped closing down. The fuel administrator has received word that two cars of coal were shipped to Reed and son last Friday and that one was shipped to the Pinnell-Tompkins Lumber company the same date. He has also been notified his fuel requests for this week were accepted—six cars for Rushville and one each for Milroy, Carthage, Sexton, Arlington, Falmouth and Mays. **School Hours Changed** By using the coal as carefully as possible school authorities figured today that they will have enough fuel to heat the city schools for six weeks. Because they may not be able to secure another shipment of coal during the next month or six weeks the school board has shortened the recitation periods and changed the hours for the opening morning recitation. The grade schools will begin work at 8:15 and close at three o'clock while the high school classes will be held from 8:30 a. m. until 3:20 p. m. An order has been issued to the effect that no meetings of any kind will be held in the schools after four o'clock in the evening.

—Mr. and Mrs. Claude Green of Tipton who have been the guests of relatives here and in Glenwood for a week returned to their home today.
—B. O. Simpson, who has been visiting in Roswell, N. M., returned home today. Mrs. Simpson, who was also at Roswell, remained in St. Louis for a visit.
—Mrs. Lida Moore returned last night from Muncie where she went to see Mrs. Mary Ford who is seriously ill at the home of her daughter, Mrs. Ernest Black, as a result of a fall.
—Robert Roam has arrived from a two weeks visit with relatives at Nashville, Tenn. He reached here in

time to undergo a physical examination for the army as he was called for today.

—Miss Margaret Ransom of Crawfordsville has returned to her home after spending a few days in the southern part of the county where she was the guest of Mr. and Mrs. William Ransom.

Wire Brevities

Washington, Jan. 16.—The United States Chamber of Commerce by a vote of 500,000 members today demanded creation of a central control in the war government.

Washington, Jan. 16.—Chairman Daniel Willard of the war industries board has resigned his post. President Wilson will accept the resignation, it was officially announced today.

Washington, Jan. 16.—War upon Roumania unless that little nation within 24 hours releases Russian officials held prisoners, was threatened in an ultimatum from the Bolshevik government today.

Petrograd, Jan. 16.—Four shots were fired at Nikolai Lenine of the Bolshevik government when he was returning home from witnessing the departure of troops. He was unhurt.

INTIMATE WITH ENEMY

(By United Press.)
Washington, Jan. 16.—That former premier Caillaux of France now under arrest was on intimate terms with the German ambassador at Buenos Aires and apparently with Germany was indicated in telegrams from former German ambassador Von Bernstorff sent from this city Feb. 4, 1915 given out by state department today.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets
That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.
Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.
Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.
No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.
If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.
Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

Your 1918 auto license is ready for you. Louis Hiner, at the Republican office.

CLEARANCE SALE

Our first Saturday of our sale was a Real Frost. But we have another Saturday and all this week beside.

The severity of the weather will cause its natural demand for Coats, Suits, Sweaters, Furs, Underwear, Blankets, Comforts and numerous other articles of defense against chill, and the strongly reduced prices of our sale makes this the best place, and now the best time to invest with economic success.

Don't forget that we told you.

ALL THIS WEEK.

School on Saturday

Saturday sessions in the public schools through the remainder of the winter, the extra days being used in advancing work of boys and girls, to complete the spring term's study schedule early in the season, thus justifying early spring dismissal of the pupils have been officially recommended as a war measure in Indiana.

Under plans suggested by the Indiana State Board of Education, and approved by the Indiana State Council of Defense—plans devised to help meet with boy and girl power the shortage of man and woman—power on the farms—boards are to be created and organized in the ninety-two counties of the state to arrange for extra school days during the winter and for the planting time dismissal of boys and girls who are in good standing, for war service in the fields.

The county superintendent of schools, township high school principals, town and city school superintendents and the county agent are to form the county board to arrange for the release of boy and girl power for use at planting time.

Where the board in the county decides that it is not advisable to hold school sessions Saturdays to make up time in advance of planting season, it is left to the board to determine at its own discretion on a plan to release high school boys and girls of good standing at a date not to exceed three weeks prior to the regular close of the school term. The plan is to meet the war emergency demand for farm labor while at the same time giving the high school pupils credit for the term's school work.

It is to be the business of the newly created boards in the counties to see that the pupils released from school for patriotic farm service actually work on the farms. The board will co-operate with the United States Boy's Working Reserve in the counties.

Chinese Labor

Senator Gallinger of New Hampshire has introduced in the senate a resolution asking that the agricultural committee of that body investigate the advisability of admitting Chinese labor during the period of the war. The Senator is thoroughly alive to the economic danger that threatens this country unless there is a large increase of farm labor for the coming season. In an interview the Senator is quoted as saying: "I think we will be in a very serious fix unless we get farm labor. Crops everywhere are unharvested because the labor is leaving the farms. Complaint comes to me, some of it bitter, that while the government asks the farmer for increased production the crops cannot be gathered." The resolution does not propose to admit Chinese as citizens or with a view to their permanent residence here, but on somewhat the same terms as American soldiers are sent to France, under the control of their government, to be returned when their labor is no longer needed. The plan at least deserves careful thought. The labor shortage is acute, and does not promise to be any less so

GOSSIP LATEST WEAPON OF HUNS

Origin of Wild Rumors Flooding Country Are Hidden Until They Reach From Coast to Coast

REPORT TUMULTUYS ARREST

Government Depends on American Intelligence to Understand Work of German Agents

(By United Press.)

Washington, Jan., 16.—Gossip propaganda is the latest thing in German wares to be distributed by pro-Germans in America.

Insidious rumors apparently rising out of nowhere but carefully disseminated until they have followed a course from coast to coast have in recent months flooded the country. Here are a few of them:

Secretary Tumulty, the President's confidential right-hand man in the White House, has been reported arrested, jailed at Fort Leavenworth and shot for treason in every state in the union.

Transports carrying American soldiers to France have been sunk in fleet and countless war vessels have been destroyed by the rumor-mongers.

Shortages in salt and numerous other necessities, forecast by rumor, have caused housewives to start buying stampedes in many cities.

The wildest kind of reports have emanated from training camps.

All of these have been designed to create unrest and dissatisfaction in war conditions.

As a matter of fact Tumulty is alive and well pursuing his daily work at the White House and admittedly growing somewhat stout on the job.

Not an American transport has been attacked or sunk that the people have not been duly informed about through the press and any threatened food shortages are announced in advance by the food administration.

The government counts on the American sense of humor and intelligence to deal lightly with the nation-wide "whispering propaganda" of German agents not yet brought to justice. An appeal to refuse to pass on this talk is made.

ADDRESSES HIGH SCHOOL

Rev. C. J. Bunnell Speaks on "Landing on Your Feet."

The Rev. C. J. Bunnells spoke to the high school assembly this morning on the subject "Landing on Your Feet." He emphasized the fact that the pupils should keep themselves in training and thus be prepared to meet any emergency which might arise. The speaker spoke in an interesting manner and received an enthusiastic welcome from the students.

In the future. And if the country is to produce the record crop expected of it another season, there is no time to be lost in arranging for an adequate supply of labor.

If Mary's little lamb continues to grow in favor and financial value it is destined to seriously interfere with the activities of the mongrel cur. The country is already looking askance at the latter.

Chicago has been looted of \$2,000,000 during the past year by robbers. The reason the figures are so low is that the estimate doesn't include the activities of the profiteers.

Mothers--This Child Was Cured of Bed-Wetting

Mrs. C. W. Peters, Lancaster, Pa., R. 3, writes: "My six-year-old girl has wet the bed since she was a baby. I found no relief until I tried your sample of Foley Kidney Pills. I saw they were helping her, and bought two bottles of my druggist and she is altogether cured. Thanks to Foley Kidney Pills for the benefit it has found in me, as it takes a lot of washing out. I have told a number of mothers since I found the cure."

Parents no longer scold or punish a child for bed-wetting. Instead, they improve the little one's physical condition, until the annoying and mortifying act is done away with.

A few simple rules aided by the use of Foley Kidney Pills will stop any ordinary case of bed-wetting that is not caused by obstruction or malformation of the parts. They are safe to take and absolutely free of harmful drugs. Foley & Co., 2325 Sheffield Av., Chicago, will send their leaflet on bed-wetting to any one asking for it.

Effective Horse Power

Perhaps you don't know that your horse is losing a large per cent of his power through poor harness. It's a fact though. Broken harness often causes runaways, and they often result fatally to the driver or animal. We have employed BOB WILLIAMSON, who is an expert harness man in every respect and can take care of any kind of repairing on your harness that is necessary. Harness is going to be higher and we would advise you to bring in your old harness and have it repaired and oiled at once.

ORDERED TO FT. RILEY KAN.

H. V. Logan, Commissioned 1st Lt., to Report Jan. 27

Dr. H. V. Logan has been ordered to report at Fort Riley, Kansas Sunday, January 27. Dr. Logan was commissioned a first lieutenant in the medical reserve corps of the army several months ago and has been subject to call at any time. He applied for a commission in the navy but one in the army came instead. He is the third Rushville doctor to go into the service. Drs. Lowell M. Green and C. J. Tucker of this city are both stationed at Camp Shelby, Miss.

INSTITUTE AT RALEIGH

There will be a farmers institute held at Raleigh on Wednesday January 23. A pitch-in dinner will be served at noon and all who bring their dinners are urged to remember and observe wheatless day.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffing, mucous discharges or dryness; no struggling for breath at night. Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly. It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

102,697 BUILDINGS DESTROYED IN FRANCE

Estimate of Fine Arts Shows Startling Results of Military Operations in War

ARRAS HAS SUFFERED MOST

Paris, Dec. 21. (By Mail)—The department of Fine Arts has established an estimate of the damage done to buildings in France by military operations. From this it appears that up to the end of May, 1915, 1,223 parishes have suffered from the ravages of war. The total number of damaged buildings is 102,697, while 50,756 have been completely demolished and 63 public monuments destroyed.

Arras has probably suffered more than any other town from bombardments, for of its 4,521 buildings 962 have been entirely and 1,595 partially demolished; 1,735 of the latter can be repaired. In the entire town there are only 229 intact buildings.

County News

Richland Township

Mr. and Mrs. Rex McHenry and family were the guests of Mr. and Mrs. Harry Vogel Sunday.

Mr. and Mrs. Verne Lewis attended the farmers institute at Andersonville Thursday.

Mrs. Sophia Fey is spending a few weeks with Mr. and Mrs. Joseph Fey.

Mr. and Mrs. Sam Ferguson of Rushville have moved in part of the house with Mr. and Mrs. Verne Lewis.

Mary, daughter of Mr. and Mrs. Al Young is seriously sick.

Elmer Ryan of Rushville is spending this week with his parents, Mr. and Mrs. John Ryan.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

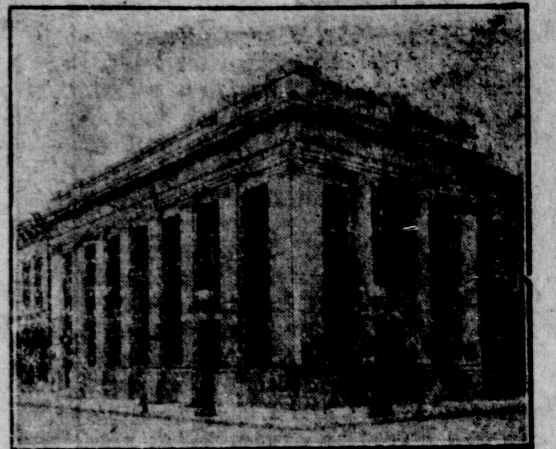

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

I am wholesaling beef and if you have any butcher stuff to sell, call on me. Highest price paid for same. H. A. Kramer. 25914.

Save Service Sacrifice

are the words of our present National Slogan. They call to duty every American citizen, and ask each person to save by a definite plan, that we may be prepared to render in this crisis, that degree of Service that our Nation has a right to ask and to expect.

We suggest that you use one of our Savings Plans and Thrift Methods that find favor with so many of our patrons. We invite you to call and to allow us to explain how easy it is to start an account, and by the habit of Saving, create a fund that will be ready for use at the time you most need it.

Woman's Friend Power Washer

IN THE NEW STYLE DOUBLE OR SINGLE TUB

When you buy a Power Washing Machine you always want to buy what you think is the best and if you try the

Woman's Friend

you will be convinced for yourself. It will wash the clothes better than any other power washer on the market and has two stationary wringers which make it stronger and more durable, and with the small end of the tub at the bottom enables you to wash a small amount of clothes as well as a large amount and does not require as much water with the small end of the tub at the bottom. Do not buy a Power Washer until you have seen the WOMAN'S FRIEND.

WHILE AT WAR

Women Suffer at Home

GOSHEN, Ind.—"Dr. Pierce's Favorite Prescription" has given me such great relief that I am glad to tell of it so that other women who suffer may know what will help them. I was all run-down in health, became very weak and nervous and could not eat or sleep. Nothing seemed to do me any good until I began taking Dr. Pierce's Favorite Prescription and his Golden Medical Discovery. They proved to be just what I needed, as they soon built me up and I could eat and sleep well. And just a few years ago, when I was going through middle age, I took the 'Prescription' and it brought me through the critical period in the best of health."—Mrs. CHRISTINA KIRKENDRICK, 219 South 10th St.

"Favorite Prescription," the ever-famous friend to ailing women, and "Golden Medical Discovery," the greatest general tonic, are both put up in liquid and tablets, contain no alcohol or habit-forming drugs, and are to be found in nearly all drug stores. The tablets cost 60 cents. These medicines of Dr. Pierce's have enjoyed an immense sale for nearly 50 years, which proves their merits as well as the statements made by users. If not obtainable at your dealer's send 10 cents to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., and he will mail trial package of either tablets; also write for free medical advice, if there is need.

Dr. Pierce's Pleasant Pellets for the liver and bowels have also been favorably known for nearly 50 years.

Society

Mrs. Hillary Haydon entertained the Tuesday afternoon bridge club at her home in North Main street yesterday afternoon. Eight members of the club were present and enjoyed the rounds of bridge after which a light luncheon was served by the hostess.

Ten members of the Ladies Aid Society of the United Presbyterian church were present at the regular meeting which was held at the home of Mrs. George Puntenney in West Third street yesterday afternoon. The members spent the afternoon sewing.

Miss Nelle Dudgeon, daughter of Mrs. Della Dudgeon and Walter May, son of Mrs. Margarite Clark, both of Rushville were married Monday morning at the United Presbyterian parsonage by the Rev. John T. Aikin.

The meeting of the high school girl's organization for war work which was to have been held last night at the Graham high school building was postponed and will be held Tuesday, January 22.

The meeting of the Woman's Missionary Society of the First Presbyterian church which was to have been held with Mrs. Lon Link yesterday afternoon, was postponed on account of the weather.

The regular meeting of the Knights of Pythias lodge which was to be held tomorrow evening has been postponed until next week. The meeting of the Pythian Sisters has also been postponed.

The pitch-in supper which was to be given tomorrow evening by the Always Present Sunday school class of the Main Street Christian church has been postponed indefinitely.

I. & C. WINS CASE IN THE SUPREME COURT

Decision of Lower Court is Affirmed in Suit Brought Against C. J. Bickhart.

LATTER REFUSED TO VACATE

The supreme court recently affirmed the decree of the lower court in the case of the Indianapolis and Cincinnati traction company against C. J. Bickhart, a local miller.

About two years ago the traction company purchased the mill occupied by Bickhart, giving them permission to use the race flowing at the side of the mill. Bickhart refused to vacate the mill and as a result the traction company sued for possession.

The decision of the court was in favor of the plaintiffs and Bickhart immediately appealed the case to the supreme court. The recent ruling of the supreme court transfers the property and the use of the stream to the traction company.

THEY GAVE HER VINOL FOR BRONCHITIS

And it Cured Her—Read Mrs. Thayer's Letter

West Somerville, Mass.—"I suffered from a severe attack of bronchitis, with a terrible cough, no appetite, no energy, no strength and loss of sleep. The usual remedies failed to help me, but they gave me Vinol and it restored my appetite, stopped the cough and built up my strength so I am able to do my housework again."—Mrs. P. B. Thayer.

We guarantee Vinol for chronic coughs, colds, bronchitis, because it is a constitutional cod liver and iron remedy. Formula on every bottle.

F. B. JOHNSON & CO., Druggists, Rushville, Ind. at the best drug store in every town and city in the country.

WANT ADS BRING RESULTS

Second Class In Surgical Dressing at 7

The second of the night classes in the surgical dressings department of the local Red Cross will open tonight at seven o'clock in the court house. Those in charge of the work wish to call the attention of all persons who are entering the class for the first time that they should not neglect to bring apron, cap, scissors, and a table knife with them. Failure to supply themselves with these necessary implements handicaps the work greatly.

Red Cross Notes

The members of the cutting department of the local Red Cross have been given a breathing spell during the past few days. A large amount of bathrobes, towels and pajamas were cut late last week for the township auxiliaries and since they have been unable to get to the headquarters for supplies all of the garments cut are still on the shelves in the cutting rooms except those which have been made by the local sewing classes.

CITY'S PART IN FUEL CRISIS IS DISCUSSED

Council Meets In Regular Session And Hears Reports From Heads of Departments

FIRE HYDRANTS CLEANED OFF

Not much business was transacted at the regular meeting of the city council last night. Reports of city officials were heard and the city's part in the fuel crisis was discussed by the mayor and councilmen.

A. P. Wagoner, chairman of the council police committee, reported that he had employed a special policeman to guard the cars of coal which were seized by the county fuel administrator, at the request of the administrator. He said the policeman reported much of the coal would have been stolen if it had not been for the guard.

Walter Easley, chief of the fire department, reported that many were violating the city fire ordinance by piling snow on top of fire hydrants. Some hydrants are buried under several feet of snow. In case of fire it would require considerable time to dig them out. Some of the street force was engaged today in clearing the snow away from the hydrants. The fire chief called Rushville factories yesterday and asked them to send out men to clean off the hydrants near the factories and they all promised to do so.

White Mice Help Win War

Washington, Jan. 14.—If you have a white mouse in your home the army can use him. He is needed for pneumonia tests at army camps, and is useful in the trenches to detect gas attacks.

The war department can't get enough of these rodents for pneumonia tests alone—the disease that has made the greatest inroads of any in the Training Camps. The test is made by injecting saliva in the mouse's ear and it reacts immediately if a patient has been stricken by the pneumonia germ.

HAD WOMAN ACCOMPLICE

Washington, Jan. 16.—The trail of a beautiful woman believed to be the chief accomplice of Walter Feorman, alleged German spy now under arrest, led government agents through fields of social life in their chase today.

HEALTH

Did you ever stop and consider how much more prevalent the ordinary contagious diseases, such as whooping cough, measles, diphtheria, scarlet fever, etc., are during the last semester of the school year?

Is there not a very close connection between this fact and the further fact that school garments, such as dark woolen suits and dresses, coats, overcoats and cloaks are often worn every day, week after week and month after month without being thoroughly cleansed and sterilized?

You should send all these garments at reasonable intervals to be cleaned, pressed and repaired. Such cleansing as we give them is the best health insurance you can secure for school children.

Amusements

The Princess theatre offers an excellent program tonight when it presents, "Little Mary McAllister," in "Sadie Goes to Heaven." This is a joyful tale of a little girl of the slums to whom an escape from her sordid surroundings is offered by a wealthy woman who proposes to adopt her. The little girl, however, refuses to become the protegee of the wealthy matron because of her devotion to her pet dog which the woman refuses to tolerate. As an extra feature there will be shown the Pathe Weekly News, showing the great Halifax disaster and other interesting news items. Thursday, Evert Overton, Miriam Fouché, and Julia Swaine Gordon will be seen in "Soldiers of Chance," a gripping drama of financial intrigue. Friday, "Smiling Douglas Fairbank" will be shown in a thrilling and much provoking drama, "The Man From Painted Post."

The Charles Frohman stage success, "The Outcast," starring the charming Anne Murdock will be seen at the Gem theatre tonight. This photo-play is an authentic reproduction of the original drama which was so successfully staged by Charles Frohman. Tomorrow a William Fox production starring Gladys Brockwell, "The Soul of Satan," will be shown.

The Republican was in error yesterday in reporting the death of "William A. Miller." Instead it was William A. Innis who died at the home of his daughter, Mrs. Grant Thomas, and the funeral was held at the Thomas home this afternoon at two o'clock. Mr. Innis was a 32nd degree Mason and a former commissioner of Rush county and a widely known citizen.

Four Hundred Cases of Distress Relieved Since Sunday, Fuel Administrator Reports

ANOTHER CAR OF COAL SEIZED

Elks Voluntarily Restrict Open Hours From 10 a. m. to 6 p. m.—Conditions Improve

Modified Orders of the County Fuel Administrator

IT IS HEREBY ORDERED:

1. That no coal shall be sold or delivered by any dealer or other person to any place of amusement or entertainment.
2. That no bank or trust company shall be opened before nine o'clock A. M.
3. That no mercantile house, except hotels, restaurants, grocery stores and meat markets shall be opened before eight o'clock A. M., nor shall such remain open after five o'clock P. M., except on Saturday night.
4. That no grocery store shall be opened before seven o'clock A. M. or remain open after five o'clock P. M., except on Saturday night.
5. That no barber shop shall be opened before eight o'clock A. M. or remain open after eight o'clock P. M. except on Saturday night.
6. That no mercantile house, except hotels shall remain open after ten o'clock P. M. on Saturday night.
7. That no picture show or restaurant shall remain open after ten o'clock, Saturdays included.
8. That no mercantile house shall be lighted after closing hours except that one burglar light will be permitted at night.

For the purposes hereof confectioneries, cigar stores, pool rooms and bowling alleys are considered mercantile houses. Nothing herein shall be construed as prohibiting druggists and undertakers from opening in emergency cases.

This order applies to the entire County of Rush and shall be in full force and effect from January 17, 1918, during the present emergency, and until modified or rescinded.

Witness my hand this 16th day of January, 1918.

SAMUEL L. TRABUE,
Fuel Administrator, Rush County.

MAKE FIRST TRIP SINCE LAST FRIDAY

Rural Carriers Leave Today With Instructions to Deliver Mail Where Boxes Can be Reached

COUNTRY ROADS ARE CLEARED

For the first time since last Friday morning the rural route mail carriers ventured out on their routes this morning. They left the post office shortly after seven o'clock with their machines practically filled with the mail which had been standing in the post office for three or four days.

The rural route patrons are expected to have the space surrounding the mail box cleaned off so that carriers can drive up to the box and deliver the mail without running a chance of having their machine stall in the midst of a snow drift. Before leaving the postoffice this morning the carriers were instructed to leave mail in only those boxes where the snow had been cleared away.

The carriers expected to be able to cover their entire route without much trouble as farmers who visited the city yesterday stated that the roads had been broken up and that the road scrapers had traversed most of the roads in this vicinity.

They could move it. Then it was that the Big Four agreed to let the fuel administrator have it at actual weight. The coal was handled without charge by Arnold Orme and Leonard Clark.

The modified opening and closing order was issued because of requests of business men that they be allowed to open one hour earlier and close one hour earlier, and for the additional reason that much more stringent orders have been issued in Indianapolis.

Business men all wanted to cooperate and expressed the belief that they would save more in the long run by saving an hour's lighting at night rather than saving an hour's coal in the morning. Places of

SITUATION MORE DESPERATE IN STATE

Hundreds of Industrial Establishments, Business Houses, Schools, Theaters Closed

WARMER WEATHER PROMISED

(By United Press.)
Indianapolis, Ind., Jan. 16.—With hundreds of industrial establishments, business houses, schools and theaters closed today on account of lack of coal in Indiana the situation was becoming more desperate hourly.

Despite the fact that cars of coal were found standing in the Indianapolis yards, homes, were cold and business in many lines suspended entirely.

The same condition was prevalent in every other large city.

Warmer weather is in prospect, according to government officials, which will relieve the situation somewhat.

amusement are to be closed at five o'clock except Saturday night since the fuel administrator noted today that this class of business is being dealt with even more severely in Indianapolis.

Restaurants are also included in the ten o'clock closing order which applies to theaters as well.

Some of the smaller groceries think the orders do not apply to them, but it does, according to the fuel administrator. They are expected to have strictly to the orders, which apply to the whole county.

Conditions were improved today so far as traffic and mail service was concerned. In most places the country roads once more were becoming passable and a better service was being maintained on the railroads. More mail was received today than any day since last Friday.

Interurban cars were being run, but not on any regular schedule between here and Indianapolis because only one track was clear. It was still

Postoffice Issues New Closing Orders Because Of The Shortage of Fuel

In connection with the orders of the fuel administrator and to assist in the conservation of light and fuel and also due to the fact that the supply of coal for the Masonic building in which is situated the postoffice, is becoming short, Postmaster Geston P. Hunt has issued the following schedule which will be followed until the fuel shortage has been alleviated and longer hours of daylight will not necessitate the burning of so much electricity.

Lobby will open at 5:30 a. m. Windows will open at 7:00 a. m. Windows will close at 6:00 p. m. instead of 7:00. Lobby will close at 7:30 instead of 8:30. Windows will close at 7:00 p. m. on Saturday nights.

This means that the last outgoing mail will be made up one hour earlier than usual. As all of the business houses will be closed by six or before, Postmaster Hunt thinks that this saving can be made without inconvenience to anyone.

This schedule to take effect Thursday, Jan. 17, at the same time that mercantile houses will be affected by the orders of the fuel administrator.

LOCAL BOYS PICKED FOR TRAINING CAMP

Sergs. Will Brann and Guy Newman Will Try For Commissions at Leon Springs, Tex.

PHILIP STAPP IS ALSO NAMED

Sergeant William B. Brann and Sergeant Guy Newman, formerly attached to the headquarters company and a battery of the 139th field artillery which is stationed at Camp Shelby, Hattiesburg, Miss., were among the men at the camp who were selected to go to the officers training school at Leon Springs, Texas, and try for commissions. Sergeant Brann ranked highest in the physical test in the entire thirty-eighth division.

Phillip Stapp of Greensburg, who was also a former sergeant with the Rushville company, was among the 382 men selected from the camp. The cadet officers left Camp Shelby Sunday and their training at the Texas camp began today.

TWO FIRES IN HOMES DO SLIGHT DAMAGE

Flue at E. C. McMahan's House Catches But is Extinguished With Aid of Department

\$150 DAMAGE AT NORRIS HOME

As the result of a defective flue a fire occurred this morning at the home of E. C. McMahan in North Harrison street. The fire was discovered by Mr. McMahan before it had gained any headway and he succeeded in putting it out before any great amount of damage was done. Damage amounting to \$150 was the result of a fire which occurred Monday at the home of Miss Leone Norris in North Morgan street. The fire which was caused from a coal oil stove burnt a hole in the floor, ruined the rug and damaged two chairs. Most of the fire loss resulted from the smoke. The fire was discovered by Miss Norris who succeeded in extinguishing the flames without calling for assistance.

Alvin Clark is very ill at his home in West Belmont street with grippe and asthma.

An eleven pound boy was born to Mrs. Anna Arndt, of Rushville, on Wednesday evening.

TEN MEN PASSED READY FOR ARMY

This Is Result of Examination Yesterday by Dr. W. S. Coleman and Advisory Board

HALF DOZEN FAIL TO APPEAR

Nelson Harper, Ordered Arrested For Failing to Return Questionnaire, Shows Up

Walks Seven Miles to Return His Questionnaire
Dora Gwinnup, who walked from her home near Andersonville yesterday to be examined for the army, hasn't much on her mind. Ora McMichael, who walked from Henderson yesterday to return his questionnaire to the county army selection board, McDaniel said he had no way to get to Rushville and his time was up for returning the questionnaire, so he just decided to walk the seven miles. He also walked back home yesterday afternoon.

Ten men were accepted for the national army yesterday as the result of physical examinations conducted before the medical advisory board. Another score of men were being examined today and twenty are also called for next Monday.

Six of the number called to appear yesterday failed to show up. Some of them sent word that they could not reach Rushville on account of the condition of the roads and the interrupted train service. Some who had not been called were examined yesterday, by special arrangement with the board.

Twenty more registrants were ordered today to report next Wednesday for physical examination.

James G. Bennett, who registered at Fort Wayne, was examined by the local board's physician and passed, but his papers will be sent back to Fort Wayne. His examination was just transferred here.

Nelson Harper of Glenwood, who was one of the eight ordered arrested yesterday, for failing to return his questionnaire, appeared before the board today with it.

The local board classified forty-seven registrants yesterday, placing five in class one. This makes 379 put in class one and a total of 994 cases acted upon to date. Yesterday thirteen were placed in class two, one in three, twenty-four in four and four in five.

Called For Physical Examination Jan. 23

Henry Seegars, Jr., Mays. Clarence W. Hood, Mays. Sam McCullough, Carthage. Chester P. Winslow, Arlington. Benjamin H. Babie, Milroy. Oscar L. Hood, Mays. Frank Messmore, Manilla. Orin A. Warlick, Rushville. Edward C. Bell, Rushville. John R. Langhlin, Falmouth. Charles E. Harbert, Milroy. Jesse B. Garver, Lewisville. Charles E. Newhouse, Arlington. James D. Petro, Rushville. Mike Kessler, Manilla. Everett Myers, Rushville. Ralph A. Cross, Falmouth. Homer C. Coon, Glenwood. Roy N. Small, Carthage. Joe Stewart, Rushville.

Names of registrants classified by the local board yesterday and those subjected to physical examination will be found on page 15 today.

The prayer meeting of the St. Paul's M. E. church will be held on Thursday evening at the home of Mrs. Anna Arndt, of Rushville.

SNOW FLIES IN SOUTHERN CAMPS

Rush County Soldiers Seek Man Who Called That Section of South "Sunny"

MERCURY DROPS 57 DEGREES

Camp Covered With Snow and Ice Presents Familiar Picture to Indiana Boys

(Special to the Daily Republican.)

Camp Shelby, Hattiesburg, Miss., Jan. 16.—The Rush county soldiers who had visions of spending the winter in the land of "sunshine and flowers" and that they have made a grave mistake in the selection of their camp for the present temperature of twelve above is very similar to the usual temperature during the winter months at home.

If by any chance the man who called this section of the country the "Sunny South," happened to be in the vicinity of Camp Shelby, Friday evening or Saturday he would have been treated with violence at the hands of thousands of soldiers who declared they were duped into believing they were going into an ideal climate by the author of the term.

They have experienced some rather cold weather since coming here but the climax was reached Friday evening when the men were driven off the ground by a severe sleet and snow storm. According to some of the oldest residents of the vicinity it was the worst blizzard in the history of the state. The snow storm was accompanied by a thirty-five mile gale.

Early Saturday morning the weather warmed up to some extent but in the afternoon began to get cold again and the snow commenced falling. The air was too cold to melt the snow and in a short time the tents, mess shacks and ground were covered with snow. There was between two and three inches of snow on the ground and the thermometer stood at 12 degrees above zero, having fallen fifty-seven degrees in about seven hours.

The camp presented a picturesque appearance with everything covered with snow and ice and although the boys from southern Kentucky and West Virginia shivered and shook it was "our" weather and despite any amount of growling on their part of Rush county soldiers they secretly were enjoying a taste of Indiana weather again.

Despite the severe weather which caught the boys unawares there was very little suffering reported and the sick reports at the infirmary were no larger than usual.

Luckily Battery A soldiers and those of the sanitary detachment had returned from the rifle range a few weeks ago before the cold weather set in. The wind is given a clear sweep at the range and the men had been target practicing there is no doubt but that there would have been a considerable amount of suffering.

ACCEPTED FOR AVIATION

Robert Humes of Camp Taylor, Ky., Passes the Examination

Robert Humes, who has been in training at Camp Taylor for several weeks has passed a successful examination for service in the aviation department of the service and expects to leave shortly for aviation school to take special training in that department. Examination for the aviation corps was conducted at the camp Monday and Humes passed with one hundred percent honors in each of the three tests.

The prayer meeting of the St. Paul's M. E. church will be held on Thursday evening at the home of Mrs. Anna Arndt, of Rushville.

The Tractor You Can Afford to Buy

If you are supporting from four to six
horses in idleness nine months of the year,
giving up 20 to 30 acres of your land to
raise horse feed instead of marketable
crops, you know what this means.

Moline-Universal Tractor

Does all the field work, including the cultivat-
ing and harrowing. Belt power up to 12 h. p. It
plows deep, at the right time—in half the time.
Has the pulling power of five horses, the working
capacity of seven because of greater speed and endurance,
and costs only what it costs to keep horses.

Simply a one-man machine—drives easier than a
team from the seat of the implement pulled.

A superb success. Backed by a \$12,000,000 concern with
51 years satisfactory service to the farmers of America.

TREASON CHARGE AGAINST GERMAN

Defendant in First Treason Trial
Since United States Entered War
—Tampered With Torpedoes

FORMER GERMAN OFFICER

Received Citizenship Papers in 1916
—Son is interned at Ellis
Island

(By United Press.)

New York, Jan. 16. —Paul Hennig, 43, German born American, the first man to plead to a charge of treason was placed on trial before Judge Harland B. Howe here today.

Hennig, an employee of the E. W. Bliss Torpedoe Company, of South Brooklyn, is charged with tampering with gyroscopic attachments on torpedoes so that the course of the torpedoes would be changed endangering the vessel from which it was fired.

Hennig was arrested on December 29, following an investigation by Lieut. O'Shea an Annapolis graduate, covering several months.

According to government officials Hennig came to the United States in 1908 and received his citizenship papers in 1916.

Before coming to the United States Hennig served as a petty officer in the Imperial German navy and was for some time stationed at the Kiel torpedo base.

His son Karl, age 23, who was born in Germany was interned at Ellis Island on September 23 as a dangerous enemy alien.

Hennig's second wife is an American. A son by this wife was born on the day Theodore Roosevelt returned from an African hunting trip and in honor of the event was named Theodore Roosevelt Hennig.

For the past five years Hennig has been employed in the gyroscopic department of the Bliss plant.

During this time he handled thousands of torpedoes now aboard United States war vessels. As a result of the revelations by government agents the Navy Department has ordered a re-examination of all torpedoes furnished the navy by the Bliss company during that time.

Specifically Hennig is accused of mutilating the gyroscopic which controls the course of the torpedo. The mutilation was so effectively done, the government agent, claim that the torpedoes were rendered unfit for offensive purposes.

Experts claim the mutilations might cause the torpedoes to alter their course to such an extent as to bring the vessel from which they were discharged into range.

Every dust, imperfectly fitted bearings and wheels which were either cracked or scratched were found

Work In Grocery Store Not Hard

Woman Tells How Tanlac Improved
Health and Made Duties
Easier

Mrs. S. A. Hunter, 1719 Canal street, Evansville, Ind., employed for the last seven years by Pickhardt's grocery, has got back her health through use of Tanlac and says she is feeling better every day.

"Work in a grocery requires a lot of patience and I didn't use to have it," Mrs. Hunter said. "I was nervous and couldn't sleep at night. I'd toss and roll about the bed and in the mornings I'd have a sort of dull feeling. Sometimes I got so bad that I just felt like I couldn't wait on the trade."

"I didn't have any appetite, either, and the little food I did just soured on my stomach. I was losing weight right along."

"Finally I tried Tanlac. I helped me right away. My stomach is back in good shape now and I eat fine."

"I'm not nervous like I used to be and I sleep good every night and get up mornings feeling fit. Little trivial matters don't get on my nerves like they used to."

"My appetite has come back and the food I eat doesn't sour in my stomach like it used to. I'm gaining weight."

"I think a lot of Tanlac and I recommend it."

"If you are not feeling right get Tanlac today at F. P. Wolcott's drug store."

Twenty-Five Years Experience With Kidney Remedy

Between twenty-five and thirty years ago I commenced selling Dr. Kilmer's Swamp-Root and during all that time I have never heard a single complaint from my customers; they are more inclined to praise it, and judging from their favorable remarks and the repeated sales I enjoy, I am confident that Swamp-Root is a valuable medicine for the troubles for which it is intended.

Very truly yours,
OTTO H. G. LIPPERT
Pharmacist.

in torpedoes that had been handled by Hennig, according to inspectors from the Navy Intelligence Bureau.

So ingenious was the traitorous work Hennig is alleged to have done that microscopic examination was necessary before it was detected.

Lieut. O'Shea, shortly after being detailed to the Bliss works as inspector detected slight imperfections in several torpedoes. Hennig was suspected. For two weeks government agents shadowed him both day and night.

In the meantime Lieut. O'Shea made microscopic examination of torpedo parts handled by Hennig. Evidence secured in this manner was placed before the Grand Jury and the indictment charging treason against the United States entered the war was returned against Hennig.

The penalty is death, \$10,000 fine or imprisonment for five years.

The District Attorney is prepared to ask the extreme penalty.

INSTITUTE POSTPONED

A number of township institutes and county seed corn meetings which had been arranged for this week by the county agent, Marion Detrick have been postponed until a later date. Mr. Detrick wished to make the affairs community events and with the present conditions of the roads, the attendance would be very small.

30 CENTS A MAN NEW PAY

(By United Press.)

Indianapolis, Jan. 16. —Thirty cents for each man drafted for the draft will be paid each member of local company who served in the first world war.

The money will be paid in full to the men and their families.

General Electric Co. has received from the U. S. Government a contract for the construction of a new power plant at the site of the old one at the same place.

Personal Points

—Louis Lambert was a business visitor in Indianapolis today.

—A. W. Wilkinson spent today in Indianapolis transacting business.

—Donald Smith was a business visitor in Indianapolis today.

—Miss Frances Bennett went to Indianapolis this morning to spend the remainder of the week.

—Mr. and Mrs. Steven Kelly will leave tonight for a visit with relatives and friends in Chicago.

—Mrs. Francis Moor left today for her home in Chicago. She will return shortly for a two weeks stay with her parents here.

—Mr. and Mrs. Claude Green of Tipton who have been the guests of relatives here and in Glenwood for a week returned to their home today.

—B. O. Simpson, who has been visiting in Roswell, N. M., returned home today. Mrs. Simpson, who was also at Roswell, remained in St. Louis for a visit.

—Mrs. Lida Moore returned last night from Muncie where she went to see Mrs. Mary Ford who is seriously ill at the home of her daughter, Mrs. Ernest Black, as a result of a fall.

—Robert Roam has arrived from a two weeks visit with relatives at Nashville, Tenn. He reached here in

time to undergo a physical examination for the army as he was called for today.

—Miss Margaret Ransom of Crawfordsville has returned to her home after spending a few days in the southern part of the county where she was the guest of Mr. and Mrs. William Ransom.

Wire Brevities

(By United Press.)
Washington, Jan. 16.—The United States Chamber of Commerce by a vote of 500,000 members today demanded creation of a central control in the war government.

Washington, Jan. 16.—Chairman Daniel Willard of the war industries board has resigned his post. President Wilson will accept the resignation, it was officially announced today.

Washington, Jan. 16.—War upon Roumania unless that little nation within 24 hours releases Russian officials held prisoners, was threatened in an ultimatum from the Bolshevik government today.

Petrograd, Jan. 16.—Four shots were fired at Nicholas Lenin of the Bolshevik government when he was returning home from witnessing the departure of troops. He was unhurt.

INTIMATE WITH ENEMY.

(By United Press.)
Washington, Jan. 16.—That former premier Caillaux of France now under arrest was on intimate terms with the German ambassador at Buenos Aires and apparently with Germany was indicated in telegrams from former German ambassador Von Bernstorff sent from this city Feb. 4, 1915 given out by state department today.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

Your 1918 auto license is ready for you. Louis Hiner, at the Republican office.

JACKIES AT GREAT LAKES EAT 4,000 PIES AT A MEAL

Great Lakes, Ill., Jan. 16.—Pity the poor sailor with a job like this. Jackies at the Great Lakes Naval Training station have to get away with 4,000 pies at a single meal.

And student bakers here and at the Minneapolis school don't confine themselves to this brand of pastry, either, for cakes and puddings are turned out literally by the ton.

It is rumored that the recent mutiny in the German navy was the result of some Fritz sailor getting a slant at a U. S. navy menu.

ORDERS MODIFIED MAKING CLOSING MORE GENERAL

Continued From Page 1

impossible at noon to operate cars between here and Connersville. Work train crews were engaged all day hauling snow off the tracks.

Rural mail carriers made their first deliveries today since last Friday and school buses were run with more regularity than they have been.

Some relief is seen from the fact that warmer weather is promised for tonight. The mercury got down to zero last night and this afternoon gave some indications of rising in the tube.

Two factories were shut down today because of a lack of fuel—the Park and Innis-Pearce companies. The Rushville Furniture company

received a load of coal yesterday and thus escaped closing down.

The fuel administrator has received word that two cars of coal were shipped to Reed and son last Friday and that one was shipped to the Pinnell-Tomkins Lumber company the same date. He has also been notified his fuel requests for this week were accepted—six cars for Rushville and one each for Milroy, Carthage, Sexton, Arlington, Falmouth and Mays.

School Hours Changed

By using the coal as carefully as possible school authorities figured today that they will have enough

fuel to heat the dry schools for two weeks.

Because they may not be able to secure another shipment of coal during the next month or six weeks the school board has shortened the session periods and changed the hours for the opening morning session. The grade schools will begin work at 8:15 and close at three o'clock while the high school classes will be held from 8:30 a. m. until 3:20 p. m.

An order has been issued to the effect that no meetings of any kind will be held in the schools after four o'clock in the evening.

ORDERED TO FT. RILEY, KAN.

H. V. Logan, Commissioned 1st Lt., to Report Jan. 27

Dr. H. V. Logan has been ordered to report at Fort Riley, Kansas Sunday, January 27. Dr. Logan was commissioned as first lieutenant in the medical reserve corps of the army several months ago and has been subject to recall at any time. He applied for a commission in the navy but one in the army came instead. He is the third Rushville doctor to go into the service. Drs. Lowell M. Green and C. J. Tucker, of this city are now stationed at Camp Shelby, Miss.

INSTITUTE AT RALEIGH

There will be a farmers institute at Raleigh on Wednesday, Jan. 23. A lunch in dinner will be served and all who bring their own lunch are urged to remain for an evening.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds
You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache, no hawking, snuffling, mucous discharges or dryness; no struggling for breath at night.
Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly. It is just what every cold and catarrh sufferer needs. Don't stay stuffed up and miserable.

102,697 BUILDINGS DESTROYED IN FRANCE

Estimate of Fine Arts Shows Startling Results of Military Operations in War

ARRAS HAS SUFFERED MOST

Paris, Dec. 21. (By Mail).—The department of Fine Arts has established an estimate of the damage done to buildings in France by military operations. From this it appears that up to the end of May, 1915, 1,223 parishes have suffered from the ravages of war. The total number of damaged buildings is 102,697, while 50,756 have been completely demolished and 63 public monuments destroyed.

Arras has probably suffered more than any other town from bombardments, for of its 4,521 buildings 962 have been entirely and 1,595 partially demolished; 1,735 of the latter can be repaired. In the entire town there are only 229 intact buildings.

Elmer Ryan of Rushville is spending this week with his parents, Mr. and Mrs. John Ryan.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.
Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil.
When your back is sore and lumbago, sciatica or rheumatism has you stiffened up, don't suffer. Get a 25 cent bottle of old honest St. Jacobs Oil at any drug store, rub a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.
Don't stay crippled! This penetrating oil needs to be used only once. It takes the acid and pain right out of your back and ends lameness. It is magical, yet absolutely harmless and doesn't burn the skin.
Nothing else will cure lumbago and backache so fast and so sure as St. Jacobs Oil.

Save
Service
Sacrifice

are the words of our present National Slogan. They call to duty every American citizen, and ask each person to save by a definite plan, that we may be prepared to render in this crisis, that degree of Service that our Nation has a right to ask and to expect.

We suggest that you use one of our Savings Plans and Thrift Methods that find favor with so many of our patrons. We invite you to call and to allow us to explain how easy it is to start an account, and by the habit of Saving, create a fund that will be ready for use at the time you most need it.

Woman's Friend Power Washer
IN THE NEW STYLE DOUBLE OR SINGLE TUB

When you buy a Power Washing Machine you always want to buy what you think is the best and if you try the

Woman's Friend

you will be convinced for yourself. It will wash the clothes better than any other power washer on the market and has two stationary wringers which make it stronger and more durable. With the small end of the tub at the bottom enables you to wash a small amount of clothes as well as a large amount and does not require as much water with the small end of the tub at the bottom. Do not buy a Power Washer until you have seen the WOMAN'S FRIEND.

WHILE AT WAR

Women Suffer at Home

Dr. Pierce's Favorite Prescription has given me such great relief that I am glad to tell of it so that other women who suffer may know what will help them. I was all run-down in health, became very weak and nervous and could not eat or sleep. Nothing seemed to do me any good until I began taking Dr. Pierce's Favorite Prescription and the Golden Medical Discovery. They proved to be just what I needed, as they soon built me up and I could eat and sleep well. And just a few years ago, when I was going through middle age, I took the "Prescription" and it brought me through the critical period in the best of health. —Mrs. CHRISTINA KANKOWITZ, 219 South 10th St.

"Favorite Prescription," the ever-famous friend to ailing women, and "Golden Medical Discovery," the great general tonic, are both put up in liquid and tablets, contain no alcohol or habit-forming drugs, and are to be found in nearly all drug stores. The tablets cost 60 cents. These medicines of Dr. Pierce's have enjoyed an immense sale for nearly 50 years, which proves their merits as well as the statements made by users. If not obtainable at your dealer's send 10 cents to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., and he will mail trial package of either tablets; also write for free medical advice, if there is need.

Dr. Pierce's Pleasant Pellets for the liver and bowels have also been favorably known for nearly 50 years.
